**Volunteer  
with us!**

# In Loving Memory

Our Pennsylvania Odyssey family mourns the loss of two inspiring long-time volunteers this year.

**Paul Dunn** was our Western region's structure problem captain. Paul's Odyssey journey began when his son was in sixth grade and asked him to judge for his team. He volunteered as a regional, state, and World Finals judge. Nothing gave Paul more pleasure than to see a team that had been struggling finally create a successful structure. The WPA region and the Dunn family have established a scholarship in Paul's name. To donate, mail a check with the note "Paul Dunn, Jr. Scholarship" to: Josh Zorich, Treasurer, 98 Logan Rd., Bethel Park, PA 15102

**Darlene Owens** was most recently the treasurer in our North Central region. Darlene became involved with Odyssey when her children were on teams in the 90s. She volunteered in various positions in the NCPA region and at State Finals, and officiated at World Finals for two decades. Darlene was a celebrity at the World Finals parties, where her table would be surrounded by a rotating cast of people deeply involved in Odyssey, all there to say hello to her. Donations in Darlene's name to support our NC region can be sent to: NCPA Odyssey of the Mind, 96 Thornapple Ln., Mansfield, PA 16933

**Our thoughts go out to Paul and Darlene's families and friends at our first State Finals without them. While they will be missed, their spirit will live on with the thousands of OMers whose lives they've touched.**

# Line Mountain Scholarship

We lost several members of our Odyssey family in a tragic accident in March 1998. We are proud to remember the young people from Line Mountain — Chad Hain, Jason Herrold, Kip Snyder, Amanda Wehry, Toni Wehry, Tyrone Wehry, David Wiest, and Toby Wiest — through the awarding of annual scholarships to Pennsylvania seniors who best embody the spirit of Odyssey of the Mind and demonstrate the creativity so coveted by the program.

## The Odyssey of the Mind Pledge

*Odyssey of the Mind is in the air,  
in my heart and everywhere.  
My team and I will reach together,  
to find solutions now and forever.*

*We are the Odyssey of the Mind.*

Congratulations on your problem-solving achievements in Odyssey of the Mind! As you budget for the 2022-2023 Odyssey year, please be aware that our Membership Cost will increase to \$290. Remember, a single membership entitles you to a competitive team in every problem and division for which you qualify as well as an unlimited number of non-competitive groups.

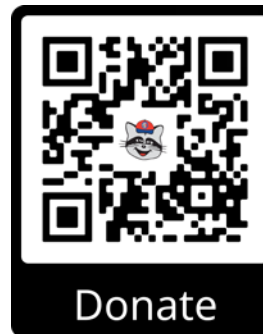

As a special "THANK YOU!" for supporting OM, we are offering a discount for next year! Use the Promo Code **50off2023** at checkout and save \$50 per membership!

Note: This is a one-time price increase and is not the first of a series.

Stay happy, stay healthy, stay creative. - OdysseyHQ

**JUMPSTART GRANT PROGRAM**

Donate

For the 2021-22 season, over \$8,000 in donations funded grants to help 26 new teams across Pennsylvania offer Odyssey of the Mind to over 160 additional students. Please join us in welcoming these new OMerS!

- A.M. Kulp Elementary School
- Avalon Elementary School
- Avonworth Elementary School
- Bellevue Elementary School
- Bridle Path Elementary
- East Pennsboro Area Middle School
- Spring Grove Area Middle School
- Two Rivers Learning Community

Grant applications for the 2022-23 school year will be posted at [paodyssey.com](http://paodyssey.com) this summer!

## PROBLEM 1: VEHICLE

# Escape vro0M

Odyssey teams take their problem-solving skills inside a box as they create a performance that includes one or more team-created vehicles that will help a group of characters escape an unusual room. The vehicle will travel to areas within the room and complete tasks. Each time it completes a task it will release a “clue” that the group will use in the next area to release the next clue, and so on. When the vehicle performs the final task, it will reveal a final clue that allows the group to escape the room and they discover the mystery behind the room!

## PROBLEM 2: TECHNICAL

# Odyssey ReOMvention

While no one knows what the future holds, it's likely OMers will have an important role in it! To prove just that, teams will present a performance that identifies an original threat to the environment that self-replicates until a team-created technical reOMvention removes the threat. The team's setting will reflect the threat and then return to its original state. The performance will also include original music, two animal characters, and must use ARM & HAMMER Baking Soda.

**Cost limit:** \$145

### PROBLEM 3: CLASSICS

# (Name Here): The Musical Production

DIV. I, II, III  
PROBLEM CAPTAINS:  
LINDSEY WILSON  
BARB STIGER

Historical figures get an encore as OMers re-tell their stories in musical form. In this problem, teams will create a biographical musical about a selected historic figure. There will be three songs: an opening number, an emotional number whose music conveys an emotion, and one determined by the team. The performance will also include a lighting special effect, movement of scenery, and a membership sign that will appear as a marquee for the team's musical.

Cost limit: \$125

## PROBLEM 4: STRUCTURE

# Matryoshka Structure

Div. I, II, III

**PROBLEM CAPTAINS:**  
DAVID PALERMO  
ARIANNA LANTZ

It's always the more the merrier with nesting dolls, also known as Matryoshka! In this problem, teams will design and build a Matryoshka Structure made of only balsa wood and glue that holds as much weight as possible. The 8+” structure will hold additional structures nested one inside the other. The more structures that are nested, the higher the score! Before weight placement can begin, the nested structures will be removed one-by-one to reveal a tiny character nested inside the smallest structure. The performance will have a theme about storage that includes placing weights, the structures, and the tiny character.

**Cost limit:** \$125

## PROBLEM 5: PERFORMANCE

# Life is a Circus!

Sometimes life seems like a circus! Teams will create a performance about a young person enjoying a regular life in our world who wakes up one day to discover they somehow were transported into a circus world. In the circus world there will be original animals performing unexpected tricks, a clown, circus acts, and a ringmaster that announces the activities. The young person returns to the regular world thinking it was all a dream until they see a mysterious figure that turns out to be from the circus.

## Ranatra Fusca Award

This award epitomizes the spirit of Odyssey of the Mind. Presented to teams or individuals exhibiting exceptional creativity, the Ranatra Fusca encourages creative thinking and risk-taking. A successful solution is not criterion for winning.

The name has a special meaning. Odyssey was born from a college class taught by founder Dr. Sam Micklus. He had students create flotation devices to cross a pond. One student made a water-strider-like contraption, which couldn't solve the problem because of its inability to maintain balance. However, the idea was exceptionally creative, and the Ranatra Fusca Award, named after the species of a water-striding insect, was born.

## OMER's Award

Named for our mascot OMER, this award recognizes individuals or teams who demonstrate outstanding sportsmanship, exemplary behavior, or exceptional talent. Recipients may be anyone that officials feel exhibit these traits.

Anyone may tell a tournament official about a possible OMER's Award candidate. The official will determine if that person should be nominated. Nominees are reviewed by a panel to determine the recipients.

Seniors, make sure you register at  
[ODYSSEYALUMNI.org](http://ODYSSEYALUMNI.org)

When you graduate high school,  
 your Odyssey isn't over...  
 We can use your expertise as a judge

## About Odyssey of the Mind

Odyssey of the Mind has its roots in the industrial design classes of Dr. Sam Micklus, the program's founder. As a professor at Rowan University in New Jersey (formerly Glassboro State College), Dr. Micklus challenged students to create vehicles without wheels, mechanical pie throwers, and flotation devices to travel across a lake. He evaluated them not on the success of their solutions, but on the ingenuity applied and the risk involved in trying something new and different.

Students had fun. Word spread. The students' activities attracted attention from the local media. Soon, people on the outside wanted a part of the action. This public interest led to the development of a creative problem-solving competition for school children: Odyssey of the Mind. Dr. Micklus still helps create new problems to this day.

## Scoring

You'll see teams present their long-term solutions for a maximum of 200 points and 50 points for style. These problems were released in the fall.

During the day, teams also take part in spontaneous problems for up to 100 points. The teams don't know these problems in advance.

Scores for long-term (200), style (50), and spontaneous (100) are prorated against the other teams in each division. Scoring is finished after all teams are done competing.

## Why Odyssey of the Mind is good for students

For over 40 years, Odyssey has taught students to learn creative problem-solving methods while having fun. By tapping into creativity and encouraging imaginative paths to problem-solving, students develop skills to solve problems – great and small – for a lifetime.

Odyssey teaches students how to think divergently by providing open-ended problems that appeal to a wide range of interests. Students learn how to identify challenges and think creatively to solve problems. They are free to express their ideas and suggestions without fear of criticism. The creative problem-solving process rewards thinking outside the box.

## An international extravaganza

Odyssey is a worldwide competition, with teams from Argentina, Australia, Belarus, Canada, China, Germany, Greece, Hong Kong, Hungary, Japan, Kazakhstan, Lithuania, Mexico, Moldova, Poland, Singapore, Slovakia, South Korea, United Kingdom, Uzbekistan, and nearly every state across the USA. The annual World Finals is typically an event to behold. It embodies the international spirit of creativity!
